Things We Want To Say

AROUND THE WORLD OUR DEAD WAIT

By FRED VANDERSCHMIDT

The deep green waves cascade and roll today in the fathoms that hold Pearl Harbor's sudden dead, and the strange, hot sun shines bright on the American graves of the Java sea.

Through the palm fronds of the Philippines the wind whispers softly to the lost heroes of the fox holes of Bataan and the silent, broken batteries of Corregidor island in the bay.

This is the first Memorial day of the new war. But on the distant graves of the men who lie where they fell, fighting, there are no flowers, no wreaths. The murmur of Christian prayer is far away.

The navy: 2991 dead, 2495 missing, in the first four months of the war they did not seek. The army? The air forces? The story cannot be told, or even guessed. They have just begun to fight.

The living will come back across the Java sea, with a fighting pledge for the dead. The motors of their planes will roar and their guns will speak for those who are forever silent.

That is what the dead are waiting for; not flowers, not wreaths, not prayers.

Beneath another, colder soil the American dead are waiting, too. They lie amidst the rows of clean white crosses of the Somme, the Meuse-Argonne, Suresnes, Saint Mihiel, Oisne-Aisne, Aisne-Marne and Flanders field.

Above their resting places is a sort of peace: The harsh, awful peace of the cell-block. There the Nazi stamps and clanks, sometimes "correct," sometime bestial—son of the Prussian whom these men beneath the crosses fought and defeated.

But the American living will come again to liberate France, and Flanders. The dead of '17 and '18, we can believe, will be the first to know the flash and thunder of their approach.

Army Officers Move To Cameron; Others Will Soon Follow

Three army officers and their wives have moved to Cameron to make their homes, it was announced today and others will follow.

Lieut. L. H. Harris and wife and Lieut. W. W. Harris and wife have moved into the Mrs. John Ryan home.

Lieut. Wm. Lynch and wife are here but had not made a selection of home.

L. Van Perkins, manager of the Chamber of Commerce, said that the officers who have arrived here are the advance leaders of some 14 officers from Fort Benning, Ga.

Mr. Perkins said that 250 officers are reporting to Major Dunham in Temple for billeting and every available furnished home and apartment in Cameron is needed.

Unfurnished homes are not wanted at present.

Old Files of Herald Make Over Ton of News Print; For Sale

The Herald has more than a ton of news print accumulated from files which are now being assembled. Old papers are being discarded.

These issues are tied in bundles and ready for delivery. They will be given free to the Boy Scouts or to any other organization desiring them provided transportation is paid and storage space guaranteed.

There is no market for these old papers but there may be a market later.

If not taken these papers will be sold to the public at stipulated prices per bundle.

Miss Ann Sanders of Nacodoches, a student at Mary Hardin-Baylor College Belton, arrived Sunday night to spend the summer with her brother and family, Rev. C. W. Sanders at the Baptist home.

HOTELS AND CAFES TO FEED SOLDIERS ON RANGE.

On Sunday afternoon Major C. E. Stiles of Camp Swift met with a committee composed of Judge Jeff Kemp, Mayor Leland Green and L. Van Perkins, manager of the Chamber of Commerce, and discussed the proposed location of gunnery school in Cameron.

The recent housing survey and vacant business building survey made by the Chamber of Commerce was presented by the committee as proof that Cameron has ample facilities to take care of this school.

If the school is located here the men will be quartered in homes, and vacant buildings and will be fed by the local restaurant and boarding houses. Every effort is being made by the Chamber of Commerce and the county and city government to have this school located here.

Mr. Perkins said that the plan, as he understands it, would be to bring in classes of troops for the machine gun and rifle range and keep them here for several weeks until they graduate and then bring in new classes.

It was believed that the number might reach as high as 1500 or 2000 depending on the accommodations that would be available for housing.

Site for the range has not been selected but it is known that the committee from the Chamber of Commerce has a number in view.

GREAT KRUPP WORKS GET SECOND POUNDING

From 300 to 400 British bombers Tuesday night were over Essen to blast the great Krupp works for the second time in two days.

The British Air Command said that the raid was successful and that only 14 of their ships had been lost in this second attack on the war nerve center of the Reich.

As yet no details have been announced concerning the first raid on Essen which took place Monday night with 1100 planes in the command.

Signs that Germany may be preparing to retaliate were seen in local bombings over the British Isles Tuesday. Two German bombers were over London last night.

Over in the far east the United Nations were giving the Japs hell by incessant successful bombings of their bases.

The British had advanced 30 miles in Libya and have taken key Axis supply bases. The second phase of the battle was rapidly shaping in the fierce desert war.

Fighting in Russia had settled down to local action. The Germans have won the battle of Kharkov. The Japs are advancing in China as usual.

Mother Cat Raises Terrier Pup; Frank Rogers Tells Story

Frank Rogers who lives on a farm near Burlington tells a unique story of how a mother cat on his farm raised a terrier puppy and all are happy and very proud of the little family of pup and kittens.

The mother of the puppy died. A neighbor despaired over saving the puppy so appealed to Mr. Rogers. A mother cat who on that date had given birth to a family of kittens got the job of raising the puppy.

Mr. Rogers said he had read about such things but had never seen it tried. He took the pup and slipped him in among the kittens and the mother cat was none the wiser and so accepted the little terrier as a member of her family. Now the pup is growing up and will make a fine dog.

SANDERS HAVE BABY

Rev. and Mrs. C. W. Sanders are rejoicing over the arrival of a baby girl weighing 5 and 3 quarter pounds at Cameron Hospital, Monday night June 1. The baby was born on their 4th wedding anniversary. She is their first born. Mother and baby are doing fine. The father, pastor of First Baptist Church, was making no secret of his happiness and a few days will be required to put a ceiling on his enthusiasm.

Soil Conservation Work Making Progress In San Gabriel Area

The Soil Conservation Service personnel consisting of Frank Moore, Work Unit Leader, Leonard Edmondson, Farm Planner, Bob Pearson, Planning Engineer, and Lucy Gray, Engineering Aide, have been spending most of their time recently in the Sharp priority Area checking old terrace lines to determine those which will serve adequately in a complete soil conservation plan for each farm.

The following farmers have old terraces which have been checked: Mrs. Julia Davis, R. C. Moseley, George L. T. Schroeder, O. R. Mueck, Paul Tag, Hicks Garner, E. C. Fick, Charles Brothers, Willie Schwartz, Lon Hargroves, Charlie Duncan, and Hunter Duncan. Some of these terraces checked out with the proper fall and with the proper vertical spacing, while others checked inadequate and need some revising.

The planning work has been completed for a soil conservation agreement on the Charlie Duncan farm about 4 miles southwest of Sharp. There will probably be a group planning meeting on this farm in the near future. Notices will be mailed out as to the time and date.

Reinhard Heydrich Is Dead; This Time For Certain

Reinhard Heydrich, German hangman and butcher, is dead.

This time by official announcement of the German government. No sooner had the news been released when 26 Czech people died before Nazi firing squads. It was apparent that the Germans would take the heaviest toll in reprisals yet true of their brutal reign in Czechoslovakia.

Heydrich, shot three times, lay for weeks at the point of death and finally succumbed. Three bullets were removed from his spine.

Raymond Lesikar to Austin for Naval Air Corps As a Flier

Raymond Lesikar has gone to Austin where he hopes to enlist in the Naval Reserve as a flying cadet.

He returned to Cameron early this week from Los Angeles where he has been employed by the Douglas Aircraft Corporation making bombing planes.

Raymond is a graduate of Yoe High School and attended the University of Texas. He has left his job in California to get in the naval air corps.

He is the son of Mr. and Mrs. Vince Lesikar.

Three Cameron Girls Get Degrees From Texas State College

Denton, June 1.—At the thirty-ninth annual commencement exercises at Texas State College for Women Monday morning at 9 o'clock Misses Dorothy Gohmert, Marguerite Lesikar and Minnie Margaret Martin of Cameron were among the 351 students to receive degrees.

Miss Gohmert, daughter of Mr. and Mrs. L. F. Gohmert, received a bachelor or arts degree, majoring in sociology. Daughter of Mr. and Mrs. V. E. Lesikar, Miss Lesikar received a bachelor of science degree, majoring in home demonstration. Miss Martin, daughter of Mr. and Mrs. J. C. Martin, received a bachelor of science degree, majoring in clinical pathology and bacteriology.

Dr. L. H. Hubbard, president of the college, conferred 214 bachelor of science degrees, 125 bachelor of arts, 4 bachelor of science in library science, and 8 master's degrees at the recommendation of Dean E. V. White. The commencement address was given by Dr. Hubbard.

Program for the exercises included an organ procession and recessional, the TSCW "Alma Mater" and special music by members of the music faculty.

Mrs. W. P. Parker of Littlefield, is visiting her relatives, Mrs. W. P. McCall and Mrs. W. H. Tucker.

W. E. KUZEL CANDIDATE FOR COMMISSIONER 1

W. E. Kuzel, widely known citizen of the Buckholts community, is a candidate for Commissioner of Precinct 1 subject to the Primary election to be held on Saturday, July 25, 1942.

The announcement of Mr. Kuzel brings into the campaign for that office, a man of fine experience and capabilities and one of the most popular citizens of the entire precinct.

Mr. Kuzel has never offered for a public office which pays a salary but has served his community as a member of the school board and has always been found in the lead of every good movement. He is a civic leader and enjoys the esteem of hundreds of friends and neighbors throughout the Precinct.

South of Buckholts overlooking Little River bottom where he has reared a family.

Before becoming a candidate Mr. Kuzel had been solicited by citizens of the Precinct to become a candidate. They believe he is qualified in every way and he appreciates their confidence and will serve them to the best of his ability and that will be considerable.

Mr. Kuzel said that if elected he would arrange to spend his time with the workers on the roads. He believes a Commissioner should be in active, personal touch with his road work at all times. His experience would be helpful at the outset because he understands the requirements and how roads should be constructed and maintained.

As a business man Mr. Kuzel would fit in well with the qualifications a Commissioner should have. As a member of the court he would be able to give constructive service on the broader problems of the county and his friends point out that he would serve well not only in his own precinct but as a member of the court.

Mr. Kuzel expressed his thanks for the many who have come to urge his candidacy and who have pledged their support. He recognizes the responsibilities of the office and is willing to assume them and to serve all the people of the Precinct. He would feel especially obligated to give all sections of the precinct their share of road money. In this way he would build up a uniformly good system of roads all over the precinct.

Commissioner Precinct 1 is composed of Justice Precincts 6 and 7 and is one of the most populous and best farming sections of the county. After years of residence in the Precinct Mr. Kuzel knows every foot of the territory, values of the lands and how it best should be served with roads.

He is pledged to economy in the financial affairs of the Precinct and county but believes that roads should be built and maintained in proportion to the taxes paid and he would be progressive and forward looking in his service as Commissioner.

In the coming weeks Mr. Kuzel will see each voter if possible and talk with them about his candidacy. He appreciates the many friends who are already urging votes for him and assures each one that if elected he will justify in every way possible the confidence of the people who invest in his ability to serve them.

Heydrich Still Lives But Condition Grave

Reinhard Heydrich, No. 2 Nazi butcher and known as the hangman for the number of innocent people he has put to death, was still alive in Prague, Czechoslovakia Saturday. His death had been reliably reported in Friday.

Heydrich has three bullet wounds in his body, bullets having been removed from his spine. His condition was reported to be very critical.

Already Hitler has taken the lives of 24 Czech people, all innocent of the shooting and some of them women.

Mr. and Mrs. Wm Sell and children have moved to Austin to make their home. Mr. Sell is with the Social Security Department, having been appointed to the place some time ago. He was formerly with the First National Bank in Cameron.

AMERICAN SUBMARINE GETS IN FINE BLOW

South Pacific waters were a grave for 12,000 Japanese soldiers as an American submarine got in a fine blow and sent a 6000 ton transport to the bottom.

The attack occurred somewhere off the coast of China. Two supply ships were also sunk by the submarine. The transport was said to be fully loaded with soldiers on their way to the conquered lands of the South Pacific.

All the Pacific coast was under alert today as the country took in good stride the raid on Dutch Harbor in the Allutian Islands off Alaska Wednesday by Japanese planes.

No details had been released on the raid but it was believed little damage had resulted and only a minor number of casualties.

The British were back over Germany last night. This time Bremen, important industrial city of the Reich felt the 1000 plane attack promised nightly by the British Air Ministry. No statements were made concerning the damage done but it was thought to be immense. At the same time British Commandos raided the coast of France.

The situation was critical in China. There seemed no hope that China would get aid.

B. F. BAILEY ANNOUNCES FOR CONSTABLE HERE

B. F. Bailey, former Constable for Precinct 1, and who was recently appointed to complete the unexpired term of Pete Harwell, is a candidate for a full term in the office subject to the primary election to be held on Saturday, July 25.

Mr. Bailey is a widely known local peace officer and has had many years experience in this office. His announcement will be received with approval by a wide circle of friends here and the people will look with favor upon his candidacy.

In making his announcement Mr. Bailey was pleased to acknowledge many pledges of support an extends his thanks to the people who have co-operated with him during the short term in office.

Mr. Bailey hopes to meet the voters and ask them for their support, pledging them that he will discharge his duties to the best of his ability and experience.

There are many problems connected with law enforcement. Mr. Bailey assures the people, all the people, that he will be found faithful to their trust and confidence and asks the people to call on him at any time to assist them in any way in connection with his duties.

Mr. Bailey knows the people and knows what they expect of him and will be found serving each day. He pledges his office to the enforcement of the laws in so far as his jurisdiction goes.

Mr. Bailey is duly appreciative of his responsibilities and the confidence the Commissioners Court expressed in his appointment and is asking for a full term so that he may pay back in service to the people the debt of gratitude he feels he owes to the people.

Your vote and support will be greatly appreciated.

JEFF HEFLEY ENLISTS IN U. S. MARINES

Jeff D. Hefley of Bryan, owner of Central Texas Retail Credit Bureau, has enlisted in the United States Marines as a private and will report to San Diego, Calif., for training.

Mr. Hefley is a veteran of the last war and held a commission as a First Lieutenant.

On Monday night at his home in Bryan friends gathered at his home for a farewell party and barbecue.

Mrs. Bruce Cavitt of Abilene, visited friends here the first of the week. Mrs. Cavitt formerly was Miss Cecial Avery, and made her home for many years, she and her husband.

WALTER H. FUCHS FOR COMMISSIONER PREC. 1

(Printed as Submitted)

Walter H. Fuchs of Yarrellton is a candidate for the office of Commissioner of Precinct No. 1, subject to the will of the voters of Beats 6 and 7 at the July 25 primary. He has authorized his formal announcement in this issue of the Herald.

Mr. Fuchs is well qualified for the position which he seeks to fill in view of the fact that he previously served with a high degree of satisfaction, according to supporters of this well known candidate. He was named by County Judge Jeff T. Kemp, July 17, 1933, to fill the unexpired term of his father, H. A. Fuchs, who served faithfully and efficiently for a number of years and who earned the name "watchdog of the county finances." "Walter," as he is known by his friends, was elected by popular vote in the election of 1934 and during that two-year term as before, earned a reputation of serving efficiently, and to the best interest of all the people in Commissioners' Precinct No. 1. He was defeated by a small margin in 1936 when he ran for his first re-election term.

Mr. Fuchs, who is a married man and the father of a small daughter, owns a farm at Yarrellton where he has resided for the past 12 years. He is a successful farmer and business man and has earned quite a reputation in Texas with his flock of chickens. Many of his birds have won first awards in state contests during recent years. He was born and reared in the Fox community where he attended school during his days of youth. He married Miss Leona Gonten, daughter of Mr. and Mrs. Gus Gonten of Edgeworth, fourteen years ago.

With a wide circle of friends in his precinct, this popular candidate is offering for the office after having had the assurance of support from many citizens, who urged him to stage a comeback for the office, it is pointed out by a number of his boosters. They maintain that Mr. Fuchs, who served for three years in the important office, did an excellent job of rendering public service and that he toiled in the interest of all persons regardless of the communities in which they lived, and that he kept the roads and bridges in A-1 condition at all times and at the same time was ever watchful over the finances.

As a young, energetic man of 39 years Mr. Fuchs has the vim and vitality to push the needed road jobs. Mr. Fuchs plans an active campaign with a view of seeing and discussing his candidacy with all the citizens in his precinct. In spite of tire-rattling and a possible gas rationing, he says that he will see the voters if it is at all possible.

If elected, Mr. Fuchs assures the citizens that he will serve to the very best of his ability and that he will make a full-time job of the office in order that no detail will be unheeded. He promises to keep the roads in shape and free of unsightly objects, saying that good roads are now of more importance than ever in view of the national emergency.

Mr. Fuchs takes this opportunity to express his sincere appreciation for all past favors and to assure the citizens of his precinct that he will deeply appreciate word or deed in behalf of his candidacy.

KITTEN WANTS HOME

A beautiful gray male kitten, half persian, trained for house, wants a home. Very desirable and affectionate pet. Will be ready to give away Monday. People who have no place for a cat or do not know how to take care of a kitten should not apply. Call 282 or come to Herald office.

B. F. ROBINSON INJURED

B. F. Robinson, oil man, was critically injured near Gonzales Sunday night when his car hit loose gravel and was wrecked. From a hospital there Mr. Robinson was brought to Cameron and is recovering at his home.

Laura Lee Chaddock of Rockdale is visiting in Cameron this week.

GEN. MARSHALL SAYS MEN, EQUIPMENT READY

General George C. Marshall, Chief of Staff of the United States army, said Friday that the United States, Great Britain and their allies will land troops in France to begin an invasion of the continent.

Nothing short of destruction of the Nazi system, he said would suffice to efface the hurt done to the world and peoples, he said.

General Marshall was speaking at West Point. He was positive and blunt in his declaration that American soldiers for the second time in 34 years would be fighting on the soil of France.

American soldiers and equipment are in England, he said and would soon be in France. To point out in advance the point of invasion was regarded as nothing less than startling and gave rise to belief troops may have already landed or may be put across the channel in a short time.

Unrest boiled up in France and other countries under German heel, culminating in the death of Reinhard Heydrich, No. 2 Gestapo, who died from Czech bullets.

In Washington President Roosevelt said he was amazed at the number of men rejected in the army and navy because of illiteracy. Many who have been connected with the selective service system have known of these rejections for months. The President said he was considering plans to

"quicken their wits."

Folks with good eyes and Tennessee crawls, don't need sharp wits. Alvin C. York, No. 1 hero of Old World War No. 1, couldn't read and write either, and besides was a conscientious objector. He did a pretty good job even though he was a little bit rusty on his Greek and Latin.

Adolph Hitler has taken personal command of his armies at Kharkov and is reported to have jailed a number of generals. Germany is contemptuous of Mexico's action in declaring a state of war.

Brazil, largest of the South American countries is at War with the Axis powers Friday and already her airmen have sunk a German submarine.

Fighting is indelicate at Kharkov. Hitler is on hand and German news agency DNB has reversed itself again by saying victory may now come since Hitler arrived. The news agency had previously claimed victory.

WOODMEN CIRCLE 996

A special meeting of Woodmen Circle Grove 996 members was called to confirm "Honors" to the Grove Reporter that she has qualified at the District Convention held in Cameron recently.

Mrs. Laura E. Krebs of Austin, State Manager of Supreme Forest Woodmen Circle, presented the Reporter, Gladys Matyastik, with two Proficiency Certificates in the Ritual Work. One being for Reporter's work and one for Correspondence to Tidings. To qualify for Proficiency Certificates, this is done by memorizing their charges and being able to give them properly. Only team members and officers are eligible to the all Star Certificates.

Sewing class members of Grove 996 gathered at the Red Cross rooms, with sewing of ten garments and four infant sweater suits were completed.

Those on the sick list are Mesdames Josephine Boedeker, Ellen Hause and Gladys Matyastik.

Gladys Matyastik, Reporter W. C. Grove 996.

Roy Matthew, Sr., and Roy Matthews, Jr., of Davilla were Cameron visitors Tuesday.

Mr. and Mrs. W. S. Brown have returned to Washington after a pleasant visit with her parents, Judge and Mrs. Jeff T. Kemp.

RUSSIAN CLAIMS ARE NOW BEING DISCOUNTED

The Germans have won the battle of Kharkov, so they announced at noon Saturday and this is partially confirmed by the Russian report that the Russians are "still fighting."

The Red Star, official organ of the Red Army made no claim of victory nor would it admit defeat. Its story was that the Russians have captured "strategic" points around Kharkov.

In informed quarters it was agreed that the Russians have lost the battle but have suffered no military disaster thereby.

The German claim, always to be discounted, said that 400,000 Russian soldiers have been killed or captured and that vast quantities of equipment have been seized.

Several days may elapse before the extent of the Russian losses may be ascertained.

Berlin said at noon that the full story of the battle would be known within the next 24 hours.

An earlier dispatch told of the performance of British and American equipment in the hands of the Russians.

If the United States and Great Britain intend to fight it was agreed that since the Russians have been defeated, now is an opportune time to get in a few blows. General Marshall's statement that France would be invaded, was taken to indicate readiness to fight but is now being discounted. Washington has been seized with a Gee Whiz complex, says Life, a confusion brought on by irrelevant discussions of the war. What Washington does not know as yet is that fighting is necessary to win a war.

While the battle of Kharkov was a black spot in the picture there was some relief in Libya. The British are counter attacking. The desert battles are things of great radius as tanks scurry over thousands of miles with no results.

Royal Air Force bombers were over France Friday night and the Air Ministry in London announced that the Goodrich factory was destroyed and this was confirmed by Vichy.

Mrs. Myrtle Dreher of Bushdale was a visitor in Cameron Tuesday.

Heydrich, Big Gestapo Leader, Dies Friday From Czech Bullets

Reinhard Heydrich, No. 2 Butcher of the German Gestapo, died Friday in Czechoslovakia, said a bulletin shortly after noon.

Heydrich was shot three times by Czech patriots and although a German surgeon was rushed to Czechoslovakia by Hitler, the Gestapo leader died, according to a report at noon. Three bullets fired into his body lodged near the spine.

At the same time another high leader of the Gestapo was shot and killed in Norway.

The borders of Czechoslovakia were closed and wholesale arrests were being made. Fear of bloody reprisals gripped the little nation whose heroic people have suffered under the Nazi yoke.

WITH THE BAPTIST

Well, our boys and girls had a parade. We appreciate the committee and the co-operation that made it possible. Fire Chief Eanes is a great fellow, all the boys and girls said, and we agree. The fire truck just makes our parade and we enjoy it. Again we thank Green's Funeral Home for their hearse, Burkes-Howard Tractor Co., for the tractor and for the several cars that made up the parade. This is the one time a year our Sunday School parades and we do our best. Edward Flinn had charge of the band and it was quite an addition to the affair.

Tomorrow is Sunday. There is some one who will be in Sunday School if you ask them, some one will attend church of you go by for them. Try it.

Lyndon Johnson Is In Australia; Goes To See MacArthur

Congressman Lyndon B. Johnson is in Australia and has conferred with General Douglas MacArthur said a noon broadcast.

Mr. Johnson was the runner up in the Senatorial Campaign last summer with W. Lee O'Daniel. In the campaign he said that if and when he voted to send men to war he would resign and go with them.

Mr. Johnson resigned and went to War the next day after the congress declared war on Japan, Germany and Italy. He joined the navy and is a Lieut. Commander.

Mrs. Travis Glover and sons of Corpus Christi are visiting her parents Mr. and Mrs. Roy Barrett. Mrs. Glover is remembered here as Miss Dorothy Barrett.

Lampassas Chamber of Commerce Lease 200 Acre Tract for Field

The Chamber of Commerce in Lampassas has leased a 200 acre landing field, first obtaining an inspection from army officers.

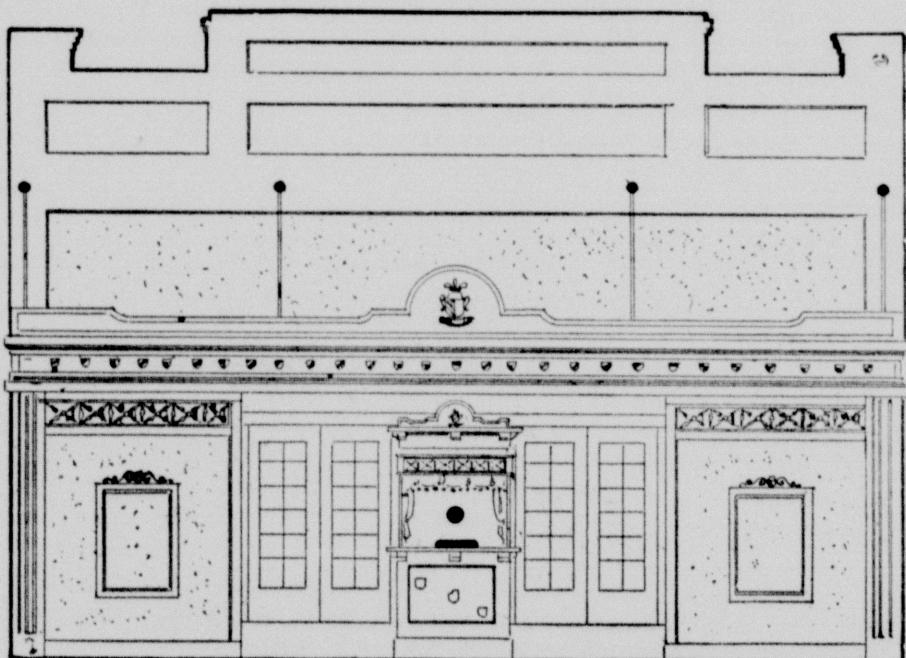

The Chamber of Commerce has also taken a lease on 200 acres additional and indications are that the government may use the field.

The action assures Lampassas an air field. After the war is over air travel will greatly increase.

Giles L. Avriett, former county auditor and Cameron business man, was in the city Saturday on a visit with relatives. He is with the State Social Security Board at Austin as Auditor. A son, Giles, Jr., is now a Lieutenant in the Air Corps and stationed in Florida as an instructor in technical training.

Mrs. Jeff T. Kemp, Mr. and Mrs. W. S. Brown are visiting friends and relatives in Houston.

Washington is a hot bed of rumors relative to the action that may be taken in regard to further rationing of various articles. Our economy is dependent upon so many different factors that any serious dislocation of any one of them is almost certain to involve others. At the moment the rubber shortage is by far the most serious shortage confronting this country. There is a very real shortage of rubber, and there does not seem to be any remedy for it for a long time to come. We will next year produce a considerable quantity of synthetic rubber. We will import some rubber from Brazil, and we will be growing a relatively small amount of Guayule rubber. But all of these sources will hardly meet the strictly military need. Nor need we fool ourselves. It will take several years to produce synthetic rubber in the quantities we will need. Even then we will need a substantial amount of natural rubber, and it will take even longer to rehabilitate the rubber production of the Amazon Valley or to mature the Guayule shrub we are now planting. These sources are capable of producing a substantial amount of rubber over a stretch of years although the costs will be enormous and much more important—it will take time.

The government is therefore properly alarmed over the rubber situation. I think the best way to handle such a situation is to give the people all of the facts and to then ask them to co-operate in any way that will aid our fighting men. For instance, if the government needs the tires off my car it only need say definitely and frankly that they are needed. If they are needed I will be glad to let the government have them. I believe that practically all of our people feel the same way but I don't want the government to say to me that I don't want to use my tires off my car or anything else that I own, but that it does not want me to use such things. I think that all of our people are ready to give up anything they have if their sacrifice will aid the government to win the war. But I don't think that they should be called upon to sacrifice anything simply to create what some of the "Bureaucrats" call "War Consciousness." Our people in Texas have been conscious of the seriousness of this a long time.

I fear that the desire to exercise authority and create excitement has a great deal to do with the effort that so many here in Washington are making to bring about rationing of gasoline even in the oil fields of Okla-

homa and Texas. The shipping situation probably justifies the rationing of gasoline on the East Coast. (Of course, this situation could be eased without the use of any new pipe whatsoever by moving some of the pipe lines of the Southwest that are no longer needed and using them to construct a pipe line to the East Coast.) No such justification exists for gasoline rationing in Texas, but at this moment a most serious effort is being made to bring this about. Not only do the Administrative Officials, who thirst for power, see an opportunity to thus control our people but the major oil companies can see that such a course would enable them to tighten their monopoly. Right now the independent producer of East Texas, the small refineries and the home owned and operated stations offer the major companies their only competition. Practically all of these independents owe money. They must make an income from their business or lose it to their creditors. In addition, they must make a living for their families. The major oil companies can go for years without any profit and still remain solvent. Therefore, if they can stop the sale of gasoline, they will be able to break practically all of their competitors. They, therefore, are doing all they can to bring about nation-wide gasoline rationing, and I am afraid that they have succeeded in getting many honest government officials to mistakenly agree with them.

For my part, I expect to continue to oppose any rationing of oil that is not directly needed to win the war. I do not think our war effort is strengthened by any regulations that weaken our internal economy or unnecessarily throw our people out of work. It is unfortunate that there is a shortage of transportation for gasoline to the East, but it is not right to weaken the Southwest simply because another section is not as fortunately located as we are. Let us strive to pull all sections of the nation up, not down to a common level. Let us strike at the enemy who seeks to cut our supply lines rather than to artificially extend the scope of his evil work. Let us devote our efforts to the destruction of German submarines, rather than to the destruction of Texas business.

Early this week the House voted 10 to 1 to refuse to accept the Senate's action in fixing the pay of privates at \$42 per month. This vote came on a Conference Committee Report. The House had previously voted by a similar majority to fix the base pay of fighting men at \$50 per month. The Senate had voted for \$42 per month. The Conference Committee had agreed on the Senate figure. The Committee on Military Affairs tried in vain to get the House to agree to

the smaller figure. The action of the House means that the Senate must either accept the House figure or ask for a new conference. If a new Conference Committee is appointed, its members from the House will be bound by the vote to insist on the \$50 figure. I voted for the \$50. I believe that this sum is fair, and I believe that the Senate will accept the action of the House.

Just as soon as it is definitely decided how much the soldiers and sailors are to receive, there will be legislation providing some kind of allotments to the dependents of men in the service. These allotments will be made by the government to aid the families of men called to the service and will probably require the enlisted men to send a portion of his pay home but will also provide for the government to add a substantial amount to whatever is taken from the soldier.

The President has set June 30th as the registration date for young men 18 and 19 years of age and those who have reached 20 since December 31, 1941. Under existing law only those who have reached 20 are subject to military service, but the Army is insisting that it be allowed to draft the younger men. They contend that it will cause much less disruption in industry and in homes to take the younger men than it will to take older men with dependents.

President Roosevelt has recommended a 61 per cent cut in WPA funds for the next fiscal year, beginning July 1st. While unemployment is now at the lowest point in 25 years, there are still many who are incapacitated for work through age, illness or physical handicap. It has been suggested by spokesmen for the Administration that these people should be cared for under a uniform Federal-State contribution system of social security assistance. This is, of course, much closer to the plan I have proposed than the Administration has ever heretofore come. I think that we must make provision to care for every person who can not work, but I believe that it will be necessary to establish a system financed entirely by the Federal Government and payable to all who have reached a given age or who are disabled. I have continued to advocate such a system. When such a plan is adopted, it will be possible for us to abolish the WPA as long as there is work for all able bodied employable citizens. Until some such plan is adopted, we will have to continue some part of the WPA as the present wave of prosperity only makes it harder for one who can't get a job to live.

The House has passed the Patman Small Business Corporation Bill pro-

viding a \$200,000,000 fund to finance small business. It is said by its sponsors that this bill will enable small business to secure a larger share of war contracts. I hope that it has that result. I voted for the bill as it may do some good and will do no harm, but I am not very hopeful about its results. So long as the Army and Navy and all of the war production agencies want to deal exclusively with big business, there is little chance for little business. As I see it, big business and the big labor organizations are working together to absolutely destroy all independent business. If they succeed, big business will have destroyed all competition and labor organizations like the CIO will be in a position to make a few contracts with a few concerns and cover the entire United States. Local AF of L unions will be wiped out along with the little business men. I am going to continue to fight this concentration of power.

The House has passed a bill to continue the 3 1-2 per cent rate on Federal Farm loans and on Commissioners' loans. We have also passed a bill to extend the power to make Commissioners' loans for another year. These bills came from my Committee on Agriculture. I supported them. In the past, the President has vetoed the 3 1-2 per cent interest bill, and it has been necessary for Congress to override his veto. I hope that he will sign it this year.

Great Profile Is
No More; Barrymore
The Great, Is Dead

John Barrymore, the Great Profile and crown prince of Stars of the American stage and screen, died last night in a Presbyterian hospital in Los Angeles.

Shortly before his death the great Barrymore rallied. He wanted to give the best death scene of all, but in that he failed for he died with none of the dramatics for which he was famous on the stage and screen.

With him at the time were his daughter and brother, Lionel Barrymore. Four times married to famous American women, Barrymore died a widower with his finances in a chaotic state.

He suffered a collapse some weeks ago and contracted pneumonia. His heart failed and so the curtain comes down on the greatest figure of stage and screen.

MRS. L. J. DUNHAM DIES AT HOME IN CAMERON

Mrs. L. J. Durham, 66, died at the family residence in Cameron at 9:40 p. m. May 30, 1942.

Mrs. Dunham had been in declining health for several years. She suffered a heart stroke shortly before her death and her condition became critical at 4 p. m. on Saturday.

News of her death reached the city and came as a shock to friends and neighbors.

Funeral services were held Tuesday afternoon June 2, 1942, at First Methodist Church in Cameron, with Rev. Bob Pool, Pastor, conducting the services, assisted by Rev. Lamar Hocker, pastor of First Christian Church. Interment was made in the cemetery at Sharp where the family lived until they moved to Cameron 12 years ago.

Mrs. Dunham was born and reared in Fayette county. She moved to

Sharpe community with her family when a small girl. She was the daughter of Mr. and Mrs. Oscar Lewis, pioneers. On December 29, 1895 she was married to L. J. Dunham who survives her. They made their home in the Sharpe community and reared their family of children. Twelve years ago they moved to Cameron.

The funeral was delayed until Tuesday in the hope that a nephew Chas. Dunham, Jr., of Mobile, Alabama, might reach Cameron. Two sons, Wallace Dunham and Wilbert Dunham, in the army were here.

Eight children survive as follows: Mrs. I. C. Lawson of Buckholts, Mrs. W. W. Harman of San Antonio, Mrs. Ray Green of Tracy, Miss Bessie Dunham of Cameron; Mac Dunham and Bailey Dunham, Houston; Wilber Dunham of Fort Bliss, near El Paso; Wallace Dunham of Camp Blanding, Fla. Two children are dead, one a son, Charles Dunham, died at the age of 24 years; and Bidie Dunham, 5 year old daughter.

Five grand children survive as follows: Mrs. J. T. Kelley of Dallas; Misses Katherine and Frances Lawson of Buckholts; Charles Dunham, Jr., of Mobile Alabama and Miss Roxanne Dunham of Houston.

Two sisters and two brothers, survive as follows: Mrs. J. L. Modisette of Sharp; Mrs. J. C. Peveto of Lubbock; O. O. Lewis of Waco and G. I. Lewis of Freeport.

E. F. SMITH FOR Chief Justice COURT OF CIVIL APPEALS

Thousand Dollar Court Opinions

"The present Chief Justice wrote seven opinions during the year 1941 originally disposing of law suits. These opinions cost the tax payers more than a thousand dollars each! Is it any wonder that the Court is so far behind with its work? The people will choose between E. F. Smith and the present Chief Justice. We have made our choice. It is E. F. Smith."—The Holland Progress.

Elect E. F. Smith in the Public Interest

"We make the following statement, which we believe to be accurate, for the benefit of the voters: E. F. Smith has a good record as a lawyer, he is an able writer on legal subjects, and has an enviable record in the public service. The Court is about eighteen months behind with its work. E. F. Smith is fifty-two years old and is known as a hard worker. The incumbent has been in his present position for about twenty years and previously he had served on the Commission of Appeals. He will be seventy years old in 1943. The term of office is six years. The incumbent is asking for a fourth elective term of six years at an age which is the retirement age fixed by Congress for Federal Judges."

—Sterling City News Record.

"We agree with President Roosevelt that Judges should retire at seventy years, giving place to younger men who are more familiar with present conditions and who have the strength to do the work that our Judges are required to do."—Llano News.

"From our exchanges it appears that practically all the sixty-four newspapers published in the twenty-four counties of the Third Supreme Judicial District favor the candidacy of E. F. Smith. This is true because it is believed that this able lawyer and writer on legal subjects can best serve the public interest as a Judge on our Court of Civil Appeals. He has our support."

—Hays County Herald.

Comments About E. F. Smith

"Mr. Smith was admitted to the Bar in 1915. He was an Assistant Attorney General in the administration of Attorney General C. M. Cureton and was First Assistant to Attorney General W. A. Keeling. He has engaged in the private practice of law in Austin since 1924. In 1932 he was delegate at large from Texas to be Democratic National Convention which nominated President Roosevelt. He is author of Steck's Corporation Forms and author of A Saga of Texas Law. A review of A Saga of Texas law written by Federal Judge J. C. Hutcheson places Judge Smith among the nation's outstanding authors of legal subjects."—Austin American.

In this time of national crisis, it is good to have one of the foremost lawyers of the state offer as a candidate for high judicial office. By natural ability, training, experience and temperament E. F. Smith is well qualified for the office he seeks."—Austin Tribune.

"The candidacy of E. F. Smith is most gratifying. He is one of the best lawyers in Texas, a gifted writer on legal subjects, who at fifty-two is in his physical and mental prime, a good man, and a hard worker. E. F. Smith is of the people and believes with his whole heart and soul in protecting all our natural rights according to the guarantees of the Bill of Rights."

—Taylor Daily Press.

"Men and women who have known E. F. Smith have a concurrence of opinion, which is that he is both high-minded and honorable and that his ability as a lawyer is unchallenged."—LaGrange Journal.

"E. F. Smith is strictly a lawyer, in no sense a politician."—Wm. M. Thornton, Austin Correspondent of The Dallas News.

The above are but a few of the many testimonials to the character, ability and qualifications of E. F. Smith. Others will be presented during the campaign.

(A political ad paid for by friends of E. F. Smith).

"Fortunately, the present Chief Justice, who at seventy years is asking for a fourth elective term of six years, is wealthy. The Court is far behind with its work and in these troubled times only men who are willing and able to work should be elected to public office."

—Winters Enterprise.

"E. F. Smith did not inherit or marry wealth. He began his career at the Bar, as did most lawyers of twenty-five or thirty years ago, with nothing more than high hopes, great ambitions, and a willingness to work. He has won his present high place among Texas lawyers by a wholehearted devotion to the law and by strict observance of the ethics of his profession."

—Temple Daily Telegram

"Judge E. F. Smith is one of the better lawyers of Texas, and a man who enjoys the respect of those who know him best. He announced for Chief Justice, Court of Civil Appeals last December. Soon after the present Chief Justice announced he would be a candidate for a fourth elective term of six years. We are sorry he did this, for we have high regard for the person and character of the present Chief Justice, but believe that at his advanced age, his re-election would be contrary to the best interests of the people."—Georgetown Sun.

Recognizing the unchallenged ability and integrity of E. F. Smith, a majority of the lawyers in the Third Supreme Judicial District favor his candidacy. Ask your lawyer about the ability of E. F. Smith.

"By every test, E. F. Smith is well qualified to make a good appellate court judge."—Lampassas Record.

"E. F. Smith's election will assure the people of a judge whose sole obligation will be to all the people."

—Robert Lee Observer.

"E. F. Smith has the highest standing as a lawyer."

—Lometa Reporter.

"E. F. Smith is best known in West Texas for the long and splendid fight he made in defending the farm and ranch owners when the attempt was made to take from them the title to the minerals in their lands."

—Brady Standard.

"E. F. Smith's experience as a lawyer, his enviable record in the public service and his recognized talent as a writer on legal subjects should enable him to be a good judge."—Texas Posten.

"We like E. F. Smith."—San Saba News.

"I have known E. F. Smith since he was a boy. I respect him for his moral and intellectual honesty, his personal integrity, his wholesome interest in the cause of education, his genuine democracy, his real patriotism, and for his learning, not alone in law, but in the subjects of government, history, philosophy, and all literature."

—R. M. Cavness, President, San Marcos Academy.

"The legal ability of E. F. Smith has long been recognized by the lawyers and judges of his acquaintance. A good man, an experienced lawyer and hard worker, he will, in our opinion, make an excellent appellate court Judge."—Lockhart Post Register.

CHRISTIAN SCIENCE SERVICES

"God the Only Cause and Creator" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, June 7, 1942.

The Golden Text is: "Lord, thou art God, which hast made heaven, and earth, and the sea, and all that in them is" (Acts 4:24.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Know ye that the Lord he is God: it is he that hath made us, and not we ourselves; we are his people, and the sheep of his pasture." (Psalms 100:3.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Man is neither self-made nor made by mortals. God created man." (Page 294.)

E. F. Smith, Candidate For Civil Appeal Court In Cameron Tuesday

E. F. Smith of Austin, widely known Texas lawyer and writer on legal subjects, was in Cameron Tuesday. He is a candidate for Chief Justice of the Austin Court of Civil Appeals.

Mr. Smith has many friends and supporters in Milam county who want to see him elected to the court. Texas newspaper men in the district are giving him indorsements.

Mr. Smith wants the people of Milam county to vote for him and is placing his announcement in the newspapers in similar fashion to other candidates and the voters will appreciate his appeal.

Here is a typical newspaper comment on his candidacy:

"The candidacy of E. F. Smith is most gratifying. He is one of the best lawyers in Texas, a gifted writer on legal subjects, who at fifty-two is in his physical and mental prime, a good man, and a hard worker."—Taylor Daily Press.

Missing in Action; Was on Corregidor

Willie Templin, Cameron boy, is missing in action and may have lost his life when the Japanese captured Corregidor or the Peninsula of Bataan.

The parents have been notified by the War Department under date of May 21, that it was not known whether Willie had been killed in action or taken prisoner. He will be carried on the roll of "missing in action" for 12 months.

We WELCOMED the Establishment of Price Ceilings.

for we saw our opportunity to prove how low Penney prices have always been. When shortages forced up the cost of all kinds of merchandise, we kept our selling prices down as long as we could. And since our prices had steadfastly withstood the general price rise, our selling prices are set at levels that make Penney's, now, more than ever, a place for thrifty people to shop. And by thrifty people we mean everybody!

Viola Thomas Is Voted Most Valuable Fraternity Member

Viola Thomas of Cameron was named the most valuable member of Beta Xi chapter of Kappa Kappa Gamma at a founder's day supper Tuesday night.

Phi Beta Kappa keys were presented to Janet Long of Austin and Myra Tschudin of Houston by Mrs. H. P. Bybee. Other awards went to Janet Long for the highest grades in the chapter for the year; to Majorie Sinclair of Houston for the most valuable individual contribution to intramurals; and to Anna Munger for the greatest improvement in grades for the year.

Honorabe mention was given to Elise Groos of San Antonio for the scholarship award and to Margie McEnnis of Houston for the intramural award.

Moving pictures were shown of the last Kappa convention at Sun Valley,

Idaho. Alumnae and pledges were guests at the supper, an annual affair in celebration of the anniversary of Kappa's founding on May 12, 1870.

Viola Thomas was recently elected to Iota Sigma Phi, National Honorary Chemical Fraternity. This fraternity elects to membership only students of the highest scholastic standing in chemistry and is the equivalent to Phi Beta Kappa in the academic department.

Health Unit Here is Praised; Inspector Says It's Tops

Milam County Health Unit, directed by Dr. Roy Reed and Ralph Mitchell has come in for some well deserved praise.

Mr. McCorkle, veteran pure food and drug inspector for the Public Health Department, told Dr. Reed that food houses, cafes and fountains in this county are the most sanitary he has seen anywhere in Texas.

Mr. McCorkle travels all over Texas. This compliment is appreciated here because the health unit under Dr. Reed is appreciated, is doing a fine job and getting results.

George Rogers, son of Mr. and Mrs. Frank Rogers who live on a farm out of Burlington, is back with the United States Marines. George served an enlistment period with Uncle Sam's celebrated fighting men and now has re-enlisted in Seattle, Washington.

22,000 GERMANS ARE KILLED IN COLOGNE

In September 1940 when Adolf Hitler's mighty air force swept over the British Isles to kill women and children and to wreck British industry, a tough little Englishman by the name of Winston Churchill, shook his fist at the Nazi from 10 Downing Street and promised bomb for bomb and ten times over.

Saturday night the great RAF swept over Germany to pay back the first installment of the pent up anger of an outraged British people.

Sunday night weather conditions prevented the 1000 planes a night attack but Monday more than 1000 bombers with escort fighters, got on the line with the second installment of a Germany's largest steel and munitions bitter debt that is a pleasure to pay.

The great Krupp works at Essen, center felt the power of British bombs as millions of tons of devastating explosives rained down on Krupp, a name long dreaded for its symbol of war.

There was no mention of the details of destruction but it is believed that the damage will approximate that of Cologne.

Krupp is a city within a city for Essen is one of Germany's greatest industrial centers. City by city is the pledge of Britain and the United States to pay Germany in her own coin for the attack she made on the world in September 1939.

A report from Germany received in this country and broadcast by the

New York Times Tuesday said that 22,000 people had been killed in Cologne and upwards of 50,000 wounded, 11,000 seriously wounded and the total dead Germans may be brought up to 30,000 as the result of one bombing attack by 1250 British planes.

Considerably more than 50,000 people have been slain in England by the Germans since the war began.

The RAF raid in Cologne Saturday was the most destructive and largest air attack in the history of the world.

Only 4 per cent of the planes failed to return to their base.

In the raid on Essen last night only 3 1-2 per cent of the planes failed to return to their base.

The loss was considered very slight, said the British and Americans in the military confidences in London.

Aerial observers, all Americans went along with the armada to see the job well done. One Texan, said "Hell, there's nothing left."

Every 6 seconds for 90 minutes bombs fell on Cologne. More than three fourth of the city is in ruins.

The Germans struck back when 25 planes smashed Ipswich in England. Mr and Mrs. Sam Pieper of San Marcos visited Mr. and Mrs. A. H. Halberdier during the week end.

Jerry Saddler Resigns From Commission; To Enter the Army

Jerry Saddler, member of the Railroad Commission, today resigned from that office and will enter the United States Army.

Mr. Saddler, a new comer to Texas Politics, harranged his way to office in a hectic campaign four years ago by talking old age pensions. Two years later he ran for Governor and was lost in the back stretch, ending his political career in Texas.

His resignation placed with Governor Stevenson is said to have named a successor for appointment.

Germans Defeated in Libya Battle; Rommel Is Thrown Back

The British have again won a battle in Libya.

General Rommel, Nazi commander, found the going tough, in fact was pulled into a trap and so badly battered he had to retreat in disorder leaving hundreds of tanks and motor vehicles torn to bits by the British artillery and bombers.

There were indications that the battle may be continued and the Germans finally smashed in Africa.

Lieut. and Mrs. James Walter Davis of Camp Barkley, near Abilene, are the proud parents of a fine son who arrived at a hospital in Abilene Tuesday morning, May 26th. Mrs. Davis is a twin daughter of Mrs. Katherine K. Robbins of Cameron, was reared here, and will be of much interest to a large circle of friends here and over the state. Mrs. Davis' twin sister, Miss Lois Robbins, who has been teaching school at Woodville, will leave next week for Abilene where she will visit her twin sister and the new nephew.

Joe B. Casey of Taylor visited his wife and baby Sunday.

H. C. McKEE IS DEAD AT FORT WORTH HOME

News of the death of H. C. McKee, 83, was received in Cameron Thursday afternoon. He suffered a stroke Monday night and never regained consciousness and died at two o'clock Thursday, May 28th at the home of his daughter, Mrs. Gladys M. Watson in Fort Worth.

Mr. McKee suffered a heart stroke Monday evening. Had been in his usual health, which had been good for one of his advanced age. He came to Texas from Creston, Iowa, and he and wife made their home here with Mr. and Mrs. Watson and subsequently moved with them to Fort Worth. He was a member of the First Presbyterian church here in Cameron until after they moved, and he and wife became identified with their church at Fort Worth. He was a kindly, courteous disposition, and made many friends here, and also at Fort Worth, and was also a Mason. He had been a successful business man in his younger days, and sold his business before coming to Texas, and also sold his home in Creston.

Funeral will be Saturday afternoon in Fort Worth.

Many friends in Cameron sympathize with the family.

He is survived by his wife and daughter, and other relatives in Iowa.

COLOGNE DEVASTATED BY BRITISH PLANES

The city of Cologne with its 750,000 population lay in ruins as the Royal Air Force staged history's greatest bombing raid on Saturday night.

The British Air Ministry said that 1300 planes took part in the attack on this important industrial city of the Rhineland.

The Germans admit great damage was done.

The British said that at least three-fourth of the city had been left in ruins and that railroads which would serve Germans in case of an invasion have also been destroyed.

American officers of the Army and Navy Air Corps are in London and are witnessing first hand the devastation being wrought by these air attacks upon Germany.

Homes for 40 Officers Wanted Here; Chamber Commerce Is Working

Homes for at least 40 officers and their families in Cameron are wanted at once.

Maj. Dunham of Temple was in Cameron Tuesday to confer with the Chamber of Commerce and L. Van Perkins, Manager, has made up a list of available homes for the officers.

While here Maj. Dunham made a selection for his home.

All those who have furnished or unfurnished apartments should telephone Mr. Perkins at once. Also all who have homes for rent should telephone him at once.

Officers are arriving for Camp Hood and for Temple and have no place to live. High rents in Temple have made army officers and their families bitter and Cameron rentals must not be permitted to sky-rocket. It was understood rentals were to be made on the same rates as at present.

SENATE EXPECTED TO FOLLOW LATE SATURDAY

The Chamber of Deputies of the Mexican Congress Monday morning voted a declaration that state of war exists between the Republic of Mexico and the Axis powers.

The Senate was expected to follow with a similar resolution late Saturday to place the largest of the Pan-American countries and America's best neighbor on the side of the United Nations in war against Germany, Italy and Japan.

President Avila Camacho summoned Congress to convene Tuesday and asked for a declaration of a state of war.

Mexico has gone to war with the Axis over the sinking of ships and the killing of Mexican sailors. Entry of Mexico into the war will greatly strengthen the Western Hemisphere defense.

Mr. and Mrs. Wm. Saunders Brown, who have been visiting her parents, Judge and Mrs. Jeff T. Kemp for several days, left Thursday afternoon for their home in Washington, D. C., where both hold government positions. While here they enjoyed visits with other relatives in Dublin, Houston and Waco.

Julius Tepers of Buckholts was a Cameron visitor Wednesday.

CITY WIDE CLEAN UP CAMPAIGN UNDER WAY

Cameron's annual clean up campaign was under way Monday morning with the city trucks under August Horstmann, chairman of the street department, hauling away trash and accumulation of refuse about Cameron homes.

Due to an oversight no publicity was placed in the Daily Herald to tell the people of the annual clean up.

Alderman Roy Griffith brought the Mayor's Proclamation to the Herald Monday. He said that city trucks had a busy day planned for Monday but nothing in prospect for Tuesday.

Housewives and citizens generally should remember that the Clean Up Week runs through Saturday, June 6th. All refuse, including cans that

harbor mosquitoes should be placed in containers so the trucks can pick them up. When you have gathered up the refuse call August Horstmann of the street Department at 556 and give the location so the trucks can haul away the trash.

This is done annually and Cameron is always a clean city. Let's keep it that way. Your city council makes it possible to have free haulage of the

refuse. All you have to do is to deposit it in a convenient place and call 550.

Harriett Atkinson of TSCW, Deaton, is spending a few days with her parents at Mayfield.

Mr. and Mrs. Ben Cotton and Mr. and Mrs. Elmer Cotton of Dallas spent Friday in Cameron visiting Mr. and Mrs. Alie Younts and friends.

Health Unit Engaged
In Many Important
Activities Here

The following narrative of the more important activities of the Milam-Robertson County Health Unit for the month of May is respectfully submitted by Dr. Roy G. Reed, Director.

Four Red Cross Home Hygiene and Care of the Sick classes are being taught by the three Unit nurses. These classes are comprised of interested adults who are being taught the fundamentals of home care of the sick to better carry out the physician's orders relative to the patient. Other classes will be started as soon as these are completed.

In the control of communicable diseases, 281 individuals were vaccinated against small pox, 133 children were given diphtheria toxoid and 40 were given schick tests, and 285 received typhoid immunizations.

In the control of syphilis, 104 blood tests were made and 10 new patients were admitted to treatment.

Ten patients with tuberculosis were admitted to nursing service in an effort to curb this growing menace to our health. Applications are made to tuberculosis sanatoria on these patients who are not in far advanced stages.

A Well Child Conference has been established at the Health Unit office in Cameron and is held three Thursday afternoons each month, at 1:30 p. m. The first Thursday is for Mexican children, 2nd Thursday for white children and 3rd Thursday for colored children. At these conferences the infants and children are given a physical examination, then the mothers are advised as to corrections needed for the improvement of the child's health as to diet, immunizations, rest, behavior problems, and physical corrections or defects. Other health centers will be established over the territory as time allows.

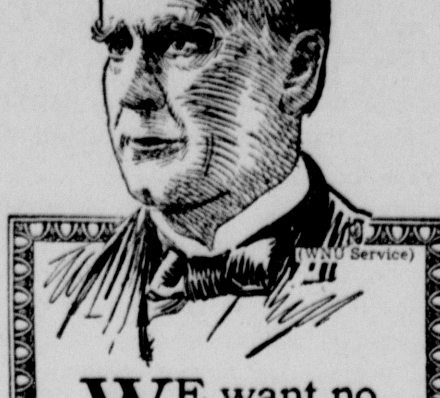

Under general sanitation, 152 field visits were made to food handling establishments, dairies, slaughter houses, water and sewerage systems, where 28 corrections were made for public protection. 300 pounds of food were condemned as unfit for consumption and destroyed.

Patriotic Quotes

Sweet land of Liberty of thee I sing

1843 1901

WE want no war of conquest.

William McKinley

McKinley made this declaration in his presidential inaugural address on March 4, 1897, and to it he added these words, "War should never be entered upon until every agency of peace has failed."

WILKINSON-LAMB

A wedding of interest was that of Charles H. Lamb and Miss Emma Rae Wilkinson, both of Morenci, New Mexico, Friday evening at 9 o'clock.

The bride is the only daughter of Mr. and Mrs. Albert Wilkinson of Cameron. She has been visiting her brother Riley Wilkinson of Clifton, Arizona, since December.

Mr. Lamb is the son of Mr. and Mrs. L. E. Lamb of Phoenix and has been employed by the Phelps Dodge Merchandise Store there for two years.

Attending the ceremony were Mrs. Riley Wilkerson, Mrs. Lamb's cousin; Mr. and Mrs. Galen Whipple and Mrs. Bill Slayton all of Morenci. Their many friends wish them a long and happy life.

Gayland McCoy of Camp Bowie, Brownwood is visiting his friends and relatives of Cameron and Rockdale.

Dorothy Almon of Dallas is a guest of Mr. and Mrs. D. L. Humble and other relatives.

WALTER R. HARRIS DIES
AT HOME THURS. NIGHT

Walter R. Harris, 69, widely known pioneer citizen of Milam county, died suddenly at his home Thursday night, May 28, 1942.

He suffered a heart stroke shortly before his death. He had been ill and in bed about one week prior to his death but at the time of the stroke Thursday night, he was believed to be better.

Walter R. Harris was a native of North Carolina and came to Texas with his parents when he was about 10 years of age. The family first settled near Fort Worth, later at Calvert and then in Milam county near Cameron where he had lived for 50 years.

He was married in 1879 on November 22nd, to Miss Gordon Hill who is a native of Virginia and survives her husband.

Mr. Harris spent all of his life on a farm and from his early boyhood in Milam county was a farmer. At the time of his death he lived about 4 miles east of the city on a farm in the Marlow community.

Funeral services were to be held at 4 p. m. Friday, May 29, 1942, from the family residence with burial in the Walkers Creek Cemetery. Rev. C. W. Sanders, pastor of First Baptist Church, will conduct the services at the home and burial will be under the auspices of the Woodmen of the World. The Coleman Funeral Home was directing arrangements.

Besides his widow, deceased is survived by five children as follows: W. W. Harris of Wilson, J. W. Harris of Houston, Mrs. George Gamble of Sharp, Miss Verna Harris living at home, and Mrs. Vernie Miller of Belmena.

Two sisters and one brother survive as follows: Mrs. Viola Posey of Cameron, Mrs. George Bollinger of Baytown and Lee Harris of Baytown.

Contractors Will
Haul Workers Free

Contractors at Kilglen will furnish transportation to some 400 Cameron workers on Camp Hood, it was announced here Friday afternoon by L. Van Perkins, manager of the Chamber of Commerce.

Representatives of the Railroad Commission met with contractors late Thursday and the plan was worked out.

Local workers will have free transportation and will have better types of trucks and buses and will be protected by insurance.

Samuel D. Rudder on
Corregidor Island
Under Wainwright

Samuel D. Rudder, former resident here and graduate of Yoe High School, was on Corregidor Island when the surrender came early in May.

He is the son of Mr. and Mrs. Sam Rudder, former residents. Mr. Rudder who holds a responsible place with the San Antonio Machine & Supply Company in Corpus Christi was in Cameron Saturday to visit old friends.

While here Mr. Rudder spent a few minutes in the Herald plant and told of his son's capture by the Japs. He has had no word from Samuel D. and as far as he knows may have met death. There is some hope he may have been made a prisoner by the Japs.

The sacrifice of the men was described as heroic in the extreme with days and nights of hunger and bombardment. All were exhausted and fought to the last moment of possible resistance.

F. G. Blake Returns
From Washington

F. G. Blake, President of the Chamber of Commerce, has returned from a business trip to Washington. Mr. Blake went to the capital on business connected with the Chamber of Commerce and has made a report to the committee at a meeting held Monday afternoon.

WITH THE BAPTIST

The Baptist Vacation Bible School began this morning with 104 present. Everyone is happy because the pastor is leading them in such a way.

YMA will meet Tuesday night at 8 o'clock. The meeting has been changed from Thursday because some are unable to come. A mission book will be taught Tuesday night.

Mrs. Tom Denson returned from New Orleans, La., Sunday. Mrs. Denson had been visiting her son in law and daughter, Mr. and Mrs. Harry Moore for the past two weeks.

Miss Susie Butts of Maysfield was a Cameron visitor Wednesday.

VICTORY BEGINS RIGHT HERE

What's Up to the U. S. is Up to Us

This war belongs to all of us—to fight, to finance, to finish! As the President has said: "We are all in it—all the way. Every man, woman, and child is a partner in the most tremendous undertaking of our American history." Your part is clear—to put every dime and dollar you can possibly spare into uniform—to buy U. S. Savings Bonds and Stamps regularly—so that our boys will have the guns and planes and tanks they need to put the enemy on the run. Take part of your change in U. S. Savings Stamps every time you shop—your 25-cent Stamp may buy the machine bullet that sends an enemy bomber crashing in flames. Turn Stamps into Bonds as fast as you can, that is the American way—the volunteer way—to preserve our freedom and safeguard your home, your family, and your future. Remember that you can start buying U. S. Savings Bonds for as low as \$18.75 (for the \$25.00 Bond) and Savings Stamps for as little as 10 cents.

THIS SIGN means "Defense Stamps sold here." There's one on each of our cash registers.
